

## How to make a wikispace

1. Go to: <http://www.wikispaces.com/content/for/teachers>

Pick a username you will remember. I use my last name first initial: theisent

Set your password. Maybe something you already use.

No one will see it.

**Join Now!**

1. Pick a username

2. Set your password

3. Enter your email address

We don't spam or share your email address.

4. Space name (optional)

Terms of Use

Enter an e-mail address.  
Then go to your e-mail to confirm membership.

2. At the top of the page click on: **Make a new space**

**Welcome to Wikispaces**

Wikispaces lets you create simple web pages that groups, friends, and families can edit together. Feel free to look around, [make a new space](#), [get help](#), or [contact us](#) if you have any questions. We've also got [a series of brief tours](#) on how to get the most out of Wikispaces.

3. Here you will see this form. Think of a name such as: TheisenArabic. Make it something easy for you, classmates and your teacher. Click on : **Protected**. This means only invited members can edit the space. Click: **Create**. Now you have a wikispace.

**Let's decorate.**

**Make a New Space Now**

1. Space Name  http:// .wikispaces.com  
Choose a name between 3 and 32 characters long.

2. Space Visibility

Public (free)  
Everyone can view and edit your pages

Protected (free)  
Everyone can view pages, only space members can edit them

Private (30 days free, then \$5/month)  
Only space members can view and edit pages

Terms of Use

4. Now click on: Manage Space (on the left side) Click on: Look and Feel.

5. Go to Themes and click on **Bubble Theme**  
**Pre-Made Themes**

6. Click on: Look and Feel again, this time to change colors of your wikispace. Remember to **SAVE**.

**Colors**

When using a pre-made theme, you may also choose custom colors for the space background, menus highlights, text, and links. These colors apply to the area that wraps the main page content. To change pick a color from the color wheel, or enter a six-letter HTML color (e.g. 000000 is black, FFFFFFFF is whit

Background Color #	ff652c		pick color
Menu Color #	b4f707		pick color
Text Color #	000000		pick color
Link Color #	040408		pick color

7. Now to work. Click on: **Edit this page**.

8. Type something and hit **SAVE**:

9. To add word documents, PDFs and MP3 podcasts or images/pictures, click “Edit This Page” then click on the tree, then upload.

10. To add a link do the same, but click on link icon: Copy URL and paste into “External Link

space”.

11. To embed a video (from YouTube, etc.) copy the embedding code of the video and then click on the TV:

Then scroll down to

“other HTML”. Paste in embedding code and

12. You can go to <http://www.wikispaces.com/> and click on the tours, which will show you how to create new pages as wiki pages and use the navigation bar.

## How to embed in a Wiki, Etc.

Go to one of your youtube movies?

1. Look to the right on body and find: embed: copy code

2. Click on embed and a code will come up. Click on “old” code for a wikispace.

```
wfullscreen="true" width="480" height="385"></embed></object>
```

3. copy old code
4. Go to wiki and click edit
5. Find the TV widget- click

6. Go to bottom of the widget page and find section called other html code.

## 7. Paste code

## 8 Click save. Voilà
